## STANDARD SPECIFICATIONS

### HOUSING

The injection molded aluminum housing is designed to withstand rugged environments. The cover plate is punched from galvanized steel.

### DIFFUSER

The sturdy, injection molded, UV stabilized polycarbonate diffusers is available in clear prismatic, and is attached to the housing with stainless steel hardware.

### ELECTRICAL

CFL, 2-pin GX23 Base 2700K lamp – 120V Magnetic NPF Ballast

Fluorescent fixtures utilizing an occupancy sensor should include a programmed start HPF ballast. Fluorescent lamps powered by instant start or rapid start ballasts, or GU24 base compact fluorescent lamps used in this application may result in severely shortened lamp life and/or ballast damage.

### MOUNTING

Directly to j-box (by others). Mounting hardware included.
